Gemini Photo Editing Prompts

Upload your photo first, then paste the prompt.

1. Turn this photo into a professional LinkedIn headshot. Keep my face and features exactly the same, add a plain light grey background, soft studio lighting and a **[navy blazer / white shirt]**.
2. Remove the background and replace it with a clean pure white background. Keep the edges of my hair natural and sharp.
3. Change the background to **[a sunset beach / a modern office / a mountain view]**. Match the lighting on my face to the new background so it looks real.
4. Brighten this photo, fix the colours and improve sharpness without making my skin look fake or plastic.
5. Restore this old damaged photo: remove scratches, dust and fold marks, fix faded colours and sharpen the faces. Keep it looking natural.
6. Colourise this black-and-white photo with realistic, natural colours that fit the **[1970s / 1990s]** era.
7. Remove the **[person / car / dustbin]** in the background. Fill the space naturally so no one can tell anything was removed.
8. Turn me into a 1990s Bollywood-style retro portrait wearing a **[red / black]** chiffon saree, with grainy film texture, warm golden light and a vintage poster feel. Keep my face exactly the same.
9. Create a Diwali portrait of me in traditional **[kurta / saree]**, holding a diya, with warm fairy lights and bokeh in the background. Keep my face the same.
10. Create a 1/7 scale collectible figure of the person in this photo, standing on a round clear acrylic base on a computer desk, with the figure's packaging box beside it. Keep the face recognisable.
11. Make this photo look like it was shot on a professional DSLR at golden hour, with soft background blur and warm light.
12. Change my outfit to a **[black suit / denim jacket / white kurta]** while keeping my face, pose and background exactly the same.
13. Turn this photo into a hand-drawn pencil sketch on textured paper.
14. Turn this photo into a soft watercolour painting with gentle brush strokes.
15. Turn this photo into a Pixar-style 3D cartoon character, keeping my hairstyle and facial features recognisable.
16. Make this product photo look professional: place the **[product]** on a clean marble surface with soft shadows and a blurred lifestyle background.
17. Create 4 versions of this product photo for Instagram: white background, lifestyle setting, flat lay and close-up detail shot.
18. Fix the lighting in this indoor photo. It's too dark and yellow. Make it bright and natural like daylight.
19. Straighten this photo, crop it to **[1:1 square / 9:16 story / 16:9 thumbnail]** and keep the main subject centred.
20. Make the sky in this photo more dramatic with orange and pink sunset clouds. Keep everything else unchanged.
21. Add gentle falling snow and a cosy winter mood to this photo without changing the people.
22. Blend these two photos into one: put the person from the first photo into the scene from the second photo with matching light and shadows.
23. Make this group photo look better: open everyone's eyes, even out the lighting and keep every face natural.
24. Turn this selfie into a cinematic movie poster with the title "**[Your title]**" in bold letters at the top.
25. Change the season in this photo from summer to autumn, with orange and red leaves on the trees.
26. Expand this photo to a wider 16:9 frame by extending the background naturally on both sides.

27 Make my pet in this photo look like a royal portrait painting, wearing a tiny crown and velvet cape.

28 Turn this room photo into a modern minimalist interior with **[light wood / white]** furniture, plants and warm lighting, keeping the same room layout.

29 Create a YouTube thumbnail from this photo: make me look surprised, add a bright **[yellow]** background and big bold text "**[Title]**".

30 Add realistic studio lighting to this photo with a soft key light from the left and a subtle rim light behind me.
